In line with our obligations under the Equality Act 2010 (Gender Pay Gap Information) Regulations 2017, Regal amusement Machine Sales Limited has undertaken a review of the average hourly earnings of men and women in the business.

To the best of our knowledge the metrics reported below accurately reflect the pay gap within the business for the year ended 5th April 2022, which have been impacted by the extended period of furlough across the business during the reporting year.

Regal amusement Machine Sales Limited remains committed to gender equality and will continue to;

- (1) Review any barriers to reducing the gender pay gap, and
- (2) Put in place measures to overcome these barriers.
